## Abstract

FighterCat is a community-driven cryptocurrency project with a mission to improve the lives of animals around the world. This whitepaper outlines the project's goals, tokenomics, roadmap and the innovative ways it plans to leverage blockchain technology to benefit animals.

## 1. Introduction

FighterCat is more than just a meme token. It's a passionate community united by love for animals and a desire to make a positive impact. The project leverages the power of blockchain technology to create a sustainable ecosystem that benefits both animal welfare and token holders.

### 1.1. The FighterCat Community

FighterCat fosters a vibrant online community on platforms like (Twitter, Telegram, etc.). This community serves as the foundation for the project's success, driving awareness, engagement and charitable giving.

## 2. Tokenomics

The FighterCat supply is 1 billion tokens, with a clear allocation breakdown:

- **Liquidity Pool (32.14% - 321,358,975 Tokens for 7 exchanges):** Locked for 1 year (12 months), with 70% (245,000,000 tokens) set to unlock on 11/04/2025.
- **Airdrop (0.3% - 3,000,000 tokens):** A total of 3,000,000 tokens were distributed among 300 participants in the airdrop.
- **Presale (2.56% - 25,641,025 Tokens)**
- **Animals & App (30% - 300,000,000 Tokens):** Locked for 3 years (36 months), with 50% (150,000,000 tokens) unlocked on 11/04/2027.
- **Marketing (20% - 200,000,000 Tokens)**
- **Team (15% - 150,000,000 Tokens):** Locked for 2 years (24 months), with 50% (75,000,000 tokens) unlocked on 11/04/2026.

## **Increased Accessibility and Liquidity:**

FighterCat token is committed to maximizing accessibility and liquidity for its token holders. We are thrilled to announce that FighterCat token will be listed on seven leading cryptocurrency exchanges. This strategic move will allow users to easily buy, sell and trade FighterCat token on a wider range of platforms.

### **2.1. Mint Revoked & Supply Control**

FighterCat mint function has been revoked, permanently stopping the creation of new tokens. This ensures a finite supply and prevents inflation, positively impacting token value.

### **LP to Burnt**

Burning tokens permanently helps control the number of tokens available and affects their value in DeFi projects.

### **2.2. AnalytixAudited Transparency**

FighterCat prioritizes transparency and trust. The project has undergone a thorough audit by Analytix to ensure the security and integrity of the smart contract.

## **3. Our Mission: Beyond the Meme**

FighterCat goes beyond the hype of meme tokens. It aims to create a lasting impact for animals through several initiatives:

### **3.1. Quarterly Donations**

A portion of the project's profits will be donated to reputable animal shelters and organizations. To ensure maximum impact, careful vetting will be conducted and regular donation reports published.

### **3.2. Shelter Support**

FighterCat will actively support animal shelters through:

- Organizing volunteer events.
- Assisting with fundraising efforts.
- Spreading awareness about adoptable pets.
- Providing shelters with marketing resources.

### 3.3. Innovative Solutions

We will harness blockchain technology to create groundbreaking solutions for animal welfare.

By developing user-friendly applications, we aim to reunite lost pets with their owners, facilitate transparent donations to shelters and foster a more compassionate world for animals.

Our vision is to leverage innovation to create a lasting positive impact on animal welfare.

### 4. Roadmap

FighterCat has a clear roadmap outlining its development trajectory:

- **Initial Funding via Gate.io Startup:** Seeking initial funding through the Gate.io Startup program to raise capital and create liquidity, which will enable us to launch the FighterCat token and advance our project.
- **Launching FighterCat Token:** Successful token launch on Gate.io, our first centralized exchange (CEX).
- **Community Building:** Active social media engagement to build a strong and vibrant community.
- **Listings:** Expanding FighterCat's reach and liquidity through additional listings on other leading exchanges, including both decentralized (DEX) and centralized (CEX) platforms:

Exchange 1 - 50 000 000 > 50 000 000 🔥

Exchange 2 - 50 000 000 > 50 000 000 🔥
